A **Demo Account** simulates live trading using **virtual funds**, allowing you to practice trading without financial risk.

---

### □ What can you do with a Demo Account?

- Practice trading strategies
  - Learn how to use MT4 or MT5
  - Understand order types and risk management tools
  - Experience real market conditions with simulated funds
- 

### □ Key Benefits

- No real money required
  - Real-time market pricing
  - Ideal for beginners and strategy testing
- 

### □ Important Note

While demo accounts reflect real market conditions, execution and trading psychology may differ from live trading.
