Are there min/max order sizes?

Vi Viphawee - 2026-04-22 - [Comments \(0\)](#) - [Trading Conditions](#)

Yes.

- **Minimum order size: 0.01 lots** (Micro Lot)
- **Maximum order size:** Depends on the instrument traded and your available margin

If you are unsure about the maximum lot size for a specific instrument, please check the Specification section in MT4/MT5 or contact our Support Team.
