# Can I Request a Withdrawal While I Have Open Trades?

Vi Viphawee - 2026-04-22 - [Comments \(0\)](#) - [Withdrawal](#)

## □ Can I withdraw funds while I have open trades?

Yes. You may submit a withdrawal request even if you have open positions.

However, please note that the withdrawal amount will be deducted from your **account equity**.

---

## □ Important Considerations

- Ensure sufficient **free margin** remains in your account after the withdrawal.
- If your margin level falls below the required threshold, your positions may be subject to **margin call or stop-out**.

We recommend reviewing your account status carefully before submitting a withdrawal request.
