Do I need to upload documents again if I open another account?

Vi Viphawee - 2026-04-22 - [Comments \(0\)](#) - [Account Verification](#)

□ Do I need to upload documents again when opening an additional trading account?

No. If your initial account has already been **approved and fully verified**, you do not need to upload additional documents when opening another trading account under the same profile.

Additional trading accounts can be created directly within your **Client Area**.
