What Should I Do If I See 'Not Enough Money' When Placing a Trade?

Vi Viphawee - 2026-04-21 - [Comments \(0\)](#) - [General Funding Questions](#)

If you are experiencing insufficient margin or balance issues, you may consider the following options:

- **Deposit additional funds** to increase your available balance
- **Increase your leverage** (if available for your account type and regulatory entity)
 - *Increasing leverage may increase both potential profits and potential losses.*
 - *Please ensure you understand the risks before adjusting your leverage settings.*
